## Agricultural Machinery

### Jack Stands

#### Least Protection

1. Jack stand is missing, unusable, or equipment/machine has never had one but should have a jack stand if the tongue is not hinged.

2.

3. Equipment/machine has a jack stand. Jack stand is bent, doesn't sit level on the ground, hand crank is damaged or missing, secured in an up position with a makeshift latch/tie.

4.

5. Equipment/machine has a jack stand. Jack stand is in good condition, has a good hand crank, can be secured in an up position when not needed.
